HIGH GRADE COLLECTED BROAD-LEAVED EVERGREENS AT BARGAIN PRICES

The purpose of this circular is to demonstrate my ability to furnish high grade collected Rhododendrons, Kalmias and Azaleas at low prices. Early in February I sent you a green circular listing special car load offers. These special offers I am again making, except in two instances where I have sold all of my present available supply. If you do not find the combination suited to your needs write me for special quotations. I will promptly quote on any combination of sizes and varieties you may need.

Orders accepted under usual trade conditions. Prices f. o. b. North Carolina and Tennessee.

These are growing near a loading point where nothing else can be procured. There is only one car to offer. The Rhododendrons are extra fine and the Azaleas well budded. A real bargain.

Send me your list of wants. I will be glad to quote on your particular requirements.
